

INTRODUCING

STEEL RAMPS

We are now offering both steel and aluminum modular ramps exclusively to our dealer network!

BENEFITS OF NATIONAL RAMP STEEL RAMPS:

- New lower priced economy option - **Save 20%** off the cost of aluminum!
- Now you can compete effectively on price against any other ramp on the market
- The attractive colored finish is pleasing to the eye, as well as the checkbook
- Powder coat finish is much more durable than competitive steel ramps which are simply painted
- Same open mesh ramp design allows rain and melting snow to pass right through
- Galvanized silver handrails reflects heat instead of absorbing it
- Extra aluminum parts are included, eliminating high-maintenance issues

Now, here is the best news:

As a National Ramp dealer, you will be able to offer both steel and aluminum ramp choices to your clients, whether on a bid, or for a private residence. No other manufacturer can offer that to your customers!

Take advantage of this unique and exclusive selling position to "ramp up" your sales!
